Permit for Industrial Sewer User

W228505
Transmittal Number

130231
Facility ID# (if known)

PERMIT NO. W228505

ATTACHMENT A

SPECIAL CONDITIONS

1. Smith & Wesson Corp., located at 2100 Roosevelt Avenue, Springfield, Massachusetts, (the “permittee”) is authorized to discharge pretreated industrial wastewater to the City of Springfield sewer system through outfall 001 (Pollution Control Outfall) and outfall 002 (Main Plant Outfall). The City of Springfield has issued industrial sewer discharge permits #20310 and #20320 to outfalls 001 and 002 respectively.
2. This Permit expires five (5) years from the date of issuance. The permittee shall apply for a renewal of this Permit at least 90 days prior to the expiration date in accordance with 314 CMR 7.09 (3)(b).
3. This Permit is subject to obtaining approval of any other applicable federal, state or local authority that may have jurisdiction.
4. This Permit identifies four (4) industrial wastewater pretreatment systems (IWPS). The permittee shall operate, maintain, and staff each IWPS in accordance with 314 CMR 7.00.
5. Industrial wastewater discharged from outfalls 001 and 002 shall be in compliance with the EPA General Pretreatment Regulations for Existing and New Sources of Pollution (40 CFR 403) and the Electroplating (40 CFR 413), Metal Finishing (40 CFR 433) and Aluminum Forming (40 CFR 467) Categorical Pretreatment Standards, the City of Springfield’s Sewer Use Ordinance and Industrial Pretreatment Program (“IPP”), any industrial discharge permit issued by the City of Springfield, and the local effluent limitations established therein. The most stringent limitations shall prevail.
6. The permittee shall conduct all sampling and monitoring in accordance with 40 CFR 136.
7. Concentrated chemicals and hazardous materials/wastes are prohibited from being discharged to the sewer.
8. No person owning, maintaining or using a sewer connection shall discharge or allow the discharge of wastewater through such connection which would result in a hazard to the public health or safety or a violation of the provisions of 314 CMR 7.00 or 12.00.
